

WOCA - 30 years with ecological products

IBR

WOCA wood care products are tested by independent laboratories and are certified and approved by the German Institute IBR in Rosenheim, Germany, for their ecological properties. The WOCA products are recommended by IBR for use in commercial and domestic environments.

VOC

All WOCA wood floor oils are free from Volatile Organic Components - ensuring a healthy living environment.

DIN 53 160

All WOCA products are tested and approved in accordance with the German standard DIN 53160 which concerns skin contact with surfaces finished with WOCA products.

EN 71-3

All WOCA products are tested for a number of heavy metals and recommended for children's toys.
